BRAND IDENTITY

G.E.

MISSION & VALUES

Eclectic by Design

We cross genres, cultures, and formats. Consistency is in the quality, not the category.

Mission

General Eclectic is a creative infrastructure company for the Infinite Age. We build the technology, methodology, and community that transforms linear artists into dynamic ones.

"Familiar Surprises."

Artist-First

The artist is the Creative Director. Technology serves their vision, not the other way around.

Intelligence, Not Automation

AI extends human creativity. It doesn't replace it. Every output has a human stamp.

Build in Public

We share what we learn. Transparency builds trust with artists, fans, and investors.

LOGO SUITE

The General Eclectic logo suite consists of the primary wordmark, the G.E. shortmark, and the full lockup. Follow this guide to learn how to use each logo asset within the brand system.

IMAGERY & TONE

Our visual language is confident, warm, and culturally layered.
Photography and illustration should feel intimate yet aspirational.

Voice: Direct. Intelligent. Never corporate.

Tone: "We're builders, not broadcasters."

Imagery should prioritize:

- Real artists in real creative environments
- Warm lighting, natural textures, lived-in spaces
- Asian diasporic culture without tokenism
- Technology as background, not foreground

Avoid:

- Stock photography or generic tech imagery
- Overly polished or sterile environments
- Isolated product shots without human context

**"Content is king —
distribution is the kingdom."**
